

SE112

- ❖ Dynamic MicroDriver for Great Sound with Deep Bass
- ❖ Sound Isolating™ Design
- ❖ Unmatched Personalization and Comfort
- ❖ Fit Kit and Carrying Pouch Included

SE112 Sound Isolating™ Earphones

Ideal for personal listening and monitoring.

Great Sound with Deep Bass

Dynamic MicroDriver

The SE112 provides a premium sound, build quality and included accessory upgrade from the standard “earbuds” supplied with today’s portable digital devices.

Sound Isolating Design

Comfortable sound isolating sleeves block up to 37 dB of ambient noise. Sound Isolation technology prevents outside noise from interfering with your listening experience, whether on-stage or on-the-go. Shure Sound Isolating Earphones require a proper fit to achieve the best sound.

Unmatched Personalization and Comfort

Ergonomic, Professional Design

- ❖ Optimized nozzle angle is designed to rest comfortably in the ear.

Fit Kit

- ❖ Three sizes of soft, flexible sleeves gently contour to your ears for a perfect fit.

Storage

- ❖ Drawstring carrying pouch also included for storage.
